

## TOPAS 3 (7335)

Date .....

Equipment number .....

Product data

- Granulates  
 S-PVC  
 Pastilles / Tablets  
 .....

ATEX / explosion proof

- Yes  No

| Performance & Retrofit Solutions                  | Smart Choice | Should have | Must have | Please quote |
|---|--------------|-------------|-----------|--------------|
| Main drive (from 800 b/h)                         |              |             | ●         |              |
| Main drive (up to 800 b/h)                        |              |             | ●         |              |
| Intermittent draw drive                           |              |             | ●         |              |
| Continuous draw drive                             |              |             | ●         |              |
| Outfeed conveyor forward (TOPAS)                  |              | ●           |           |              |
| Control system S7-1500 (PLC)                      |              | ●           |           |              |
| Touch panel TP1200 (HMI)                          |              |             | ●         |              |
| Weigher control system                            |              |             | ●         |              |
| Welding controllers RES-5006                      |              |             | ●         |              |
| Top seam cleaning                                 |              | ●           |           |              |
| Valve terminal (incl. vacuum switch)              |              | ●           |           |              |
| Bag opening from SL/SF (incl. pre-opening device) | ●            |             |           |              |
| Pre-opening device                                | ●            |             |           |              |
| Divisible filling hopper                          | ●            |             |           |              |
| Automatic pre-dosing                              |              | ●           |           |              |
| Remote Service Router                             | ●            |             |           |              |
| Dedusting unit                                    |              | ●           |           |              |
| Q-Connect   | ●            |             |           |              |
| AVENTUS Weigher                                   | ●            |             |           |              |
